Diane,

As you may know, January is Developmental Services Worker month. In our great City, we have many agencies and organizations that employ amazing folk to care for those most vulnerable in our community.

We, at Kinsmen Community Residence, are asking that the City of Cornwall officially recognize January 2020 as Developmental Services Worker month on social media, webpage, Council meetings, etc...

We would like an opportunity to meet with you to further discuss this recognition, should you so desire. We look forward to discussing and/or meeting with you in the near future.

Respectfully,

**KINSMEN COMMUNITY RESIDENCE**
